TUITION

“I believe that I would not have been able to pass my 11+ exams without the assistance of AE Tuition. Attending grammar school has been highly beneficial for me, as it has provided the opportunity to study a wide range of subjects.”

Why I came to AE Tuition

My parents didn't know where to start to get me into a grammar school. My parents found the process overwhelming. The workbooks I was using to prepare for 11+ were very difficult because topics weren't explained in detail. To gain support through the 11+ process and tuition support for me, my parents enrolled me on the One Year Year 4 Pre-Plus course, and then I completed the Year 5 11+ One Year course.

What I experienced as a pupil at AE Tuition

Experiencing the same structure of each session, classroom tests and feedback were very helpful for me to advance. My teachers and the classroom assistants went above and beyond to support me and my parents, especially during lockdown when we went online. They made sure books were delivered for each session and we benefitted from pre-recorded video sessions, as well as my live weekly session I was attending. These videos were valuable later in the course to refer back to. When we were back to in-person sessions after lockdown, I enjoyed catching up with the AE friends I made in class each weekend.

What I found challenging

The amount of work could be challenging 😓 After a school day, I also attended an Arabic school and attended my AE Tuition session at the weekend, so I had a busy a few years. However, we followed our schedule, and all became manageable.

My experience of taking the 11+ exams

Taking the 11+ exams can be stressful, however I felt well prepared for the questions on the exam papers.

Where am I now

I got into the grammar school I wanted (my parents and I debating which grammar school), and I have been happy there. I'm now in year 10 and enjoy studying sociology,

geography, computer science and business studies. I have won two sociology awards.

I'm excited about my future; I'm not sure what I want to do yet, however I'm keen to pursue computer science.

Looking back at my AE Tuition days

I believe that I would not have been able to pass my 11+ exams without the assistance of AE Tuition. Attending grammar school has been highly beneficial for me, as it has provided the opportunity to study a wide range of subjects.

Hard work and consistency are skills I gained at AE Tuition. I'm sure these skills will continue to aid me throughout my life.
